

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

1. The first of these is the fact that the *Journal* is a very good example of a well-run, well-managed, and well-organized publication. It is a pleasure to read a journal that is so well put together, and that is so easy to read. The *Journal* is a very good example of a well-run, well-managed, and well-organized publication.

THE following marriages are printed from a list in the hand-writing of the Reverend Peter Thacher, minister of the Church at Milton, Massachusetts, from 1681 until his death, 27 Dec. 1727. They were entered in his diary, not all together, but on separate pages scattered through the book. The leaves containing the entries were subsequently removed from the volume, and were presented in their loose form by Mr. Henry McKean to the late William Thaddeus Harris, LL.B., of Cambridge, by whom they were carefully mounted and bound, and in whose library they have since been preserved.

The first page of the record contains this endorsement with its date, both in hand-writing unknown. "A Register of Marriages in Milton from 14 Sept. 1686 to Sept. 1727, By Rev. Peter Thacher. Taken out of a volume of his Diary found among the papers of the late Rev Dr. Peter Thacher of Boston, his great grandson. Feb. 1803."

It is probable that the record of the larger portion of these marriages does not exist elsewhere, or in any other form. It is certain that of the first thirty of the list, Savage had found but six, and of these six, one was doubtful. The importance of the record, for the first time now printed, is evident to genealogists.

The Rev. Peter Thacher was born at Salem, Mass., 18 July, 1651, the son of the Rev. Thomas Thacher of Weymouth and Boston. He was graduated at Harvard College in 1671, ordained in the ministry over the church at Milton 1 June, 1681, and died there greatly lamented and beloved, 27 Dec. 1727, after a pastorate of forty-six years. An account of his labors and usefulness may be read in Sibley's Graduates II. 370, and a genealogy of a fragment in the family in the N. E. Hist. Gen. Reg. xxxviii. 13.
